## Feast at the Beach

Feast at the Beach was the dream of an ambitious Board of Directors of the Cold Lake Regional Chamber of Commerce to bring a family-friendly, food and music filled, wind-down festival to the shores of Cold Lake.

Kinosoo Beach was an idea location to host all our festival goers, approximately 10,000 people attended our two-day event over the Labor Day Weekend. Attendees have a range of food trucks, from across Alberta, serving up some delicious food. They can sit on the beach or in the beer gardens and listen to the amazing bands and music, and for families, we have a Kids Zone which offers endless entertainment for kids. There is something for everyone.

The best is that this event is FREE, made possible through the support of our City, Municipal District and Provincial Grant Funding.
