Five Key Questions to ask ...

PRIOR to taking on a project or when re-evaluating an existing project ...

- 1) Is it a Mission fit?
- 2) Will it build the strength of our business community?
- 3) Will it strengthen relationships/communication?
- 4) Will it strengthen the policy process (governmental affairs)?
- 5) Is it value-added for the membership?

Focus on the needs & wants of the membership.
